

ALTERNATIVES TO BURNING:

Recycling and composting information is available from the Pacific County Department of Community Development. Grinding yard debris makes composting easier and doesn't contribute to air pollution and/or health problems.

RESIDENTIAL BACKYARD BURNING PERMIT

This is your permit for residential backyard burning. You must sign this permit and have it with you when you burn. Please comply with all provisions in this permit. Failure to follow these guidelines could result in fines or penalties, and the cost of extinguishing your fire.

REMEMBER: You **must** call the burn information line to confirm if it is a burn day before lighting your fire. Call **665-3508**, any time during the day, 7 days a week.

*I have read the entire outdoor burning permit and understand the rules contained within. If I do not abide by these rules, I understand I will be liable for costs incurred by the fire protection authority called to respond to, control, or extinguish an illegal or out-of-control fire.

OUTDOOR BURNING IN FIRE DISTRICT 1

The following information should answer your questions regarding residential outdoor burning in Pacific County Fire District 1.

Effective January 1, 2007, outdoor burning was banned in Long Beach, Ilwaco, and certain areas of Seaview.

DO I NEED A PERMIT TO BURN IN FIRE DISTRICT 1?

Backyard barbecue pits and recreational campfires are exempt. Beach fires are also allowed - 100 feet west of the dune grass line and are limited in size to 4' x 4' x 3' (WAC 173-425-030).

All other burning requires a permit.

RESIDENTIAL BACKYARD BURNING: This is your permit for backyard burning. It allows you to burn small piles of natural vegetation (4'x4'x3'). **Please read the following information carefully, sign it, and keep it with you at all times while you are burning.**

Requirements for Backyard Burning:

- Burn piles shall be no larger than 4'x 4'x 3'. Burn one pile at a time.
- The fire shall be at least 50 feet from buildings or dune grass, and at least 500 feet from forest slash.
- The fire must be in a safe location, and free from any debris and/or combustible material.
- Containers used for outdoor burning must be brick or concrete. **Burn barrels may not be used** (WAC 173-425-050).
- Burning shall be conducted only during daylight hours, and only on calm days with little or no wind.
- **The fire must be comprised of natural vegetation only;** and may not contain any materials such as garbage, dead animals, asphalt, petroleum products, rubber products, paints, plastics, paper, cardboard, treated wood, construction or demolition debris, metal or any substance which when burned releases toxic emissions, dense smoke, or odors.
(WAC 173-425-040)

- If the fire creates a nuisance and/or health hazard, it must be extinguished.
- Someone capable of extinguishing the fire must be in attendance at all times, with a shovel and sufficient water available. The fire must be extinguished before leaving.
- Caution should be exercised in extinguishing the fire: coals should be completely extinguished and spread out to reduce the possibility of rekindling.
