   ii. The owner of the fence to the south of the training property has been informed that she has 10 years to move her fence.
   iii. There have been 5 fires to investigate. It has been cold, and people have been having electrical problems.
   iv. We ordered turnouts last year and were invoiced this year for them due to production delays and increases in price. AC Weatherby requested to order another batch of turnouts by February due to a pending 10% price increase. He does not anticipate to see that PPE until August at the earliest; the last batch that we just received was ordered in July of 2021. This is a problem industry-wide. The request is for $26,000 of gear plus tax that outside of our 2022 budget. This would supply us with 10 sets of turnouts.

Commissioner Long stated that this purchase is inevitable, and he is supportive of purchasing now.

Mr. Jeff Bortner
Wildland Fire District Manager
Pacific Cascade Region
601 Bond Road
PO Box 280
Castle Rock, WA 98611-0280

Mr. Bortner,

This letter is to inform you that Pacific County Fire District #1 requests to renegotiate the Forestland Response Agreement (No. 93-098189) that exists between Washington State Department of Natural Resources (DNR) and Pacific County Fire District #1 (District).

Over the past couple of years, the District has seen significant growth in residential development and call volume in our political boundaries. In addition, the District is the primary fire and emergency medical response agency to several State-owned and managed lands. This includes wildland fires in State Parks managed lands, United States Fish and Wildlife managed lands, and other State managed lands. The District took advantage of opportunities to offset or recuperate costs associated with our services, such as grant programs or reimbursement for these responses to public lands.

However, in conjunction with the increasing service demands, the District has seen a decline in opportunities to provide these services to State-owned and managed lands. This includes most recently our inability to access Volunteer Fire Assistance (VFA) grant programs through Phase I or II. This grant program was vital in providing the District assistance to purchase or attain equipment and or resources that were used to respond to State lands. However, the rules of eligibility changed in 2019 pertaining to a requirement of 70% volunteer force. This disqualified the District from these opportunities that we believe were part of the agreement.

In July 2021, the District responded to a large wildfire to provide mutual aid to our neighboring jurisdiction. The District provided resources including water tender support and a base camp at our Seaview Station to support the strike teams that responded from DNR. The District submitted paperwork for reimbursement, as allowed under the agreement, immediately following the fire. However, the reimbursement from DNR was not paid to District until December.

The District seeks remedies to ensure fair compensation for the services we provide related to wildfire response on State-owned or managed lands.

The items that Fire District #1 would like to address in negotiation include, but are not limited to:

- Pacific County Fire District #1's access to DNR VFA grant programs
- Limited DNR first response assets on or near Pacific County Fire District #1 protected lands.
- Negotiate payment for Pacific County Fire District #1's first response costs.
- Forest Management Planning in the Shoreline Conservation Area.
- Fuels Management Plan in the Shoreline Conservation Area
- 2022 Reduced DNR resource capabilities (reduced staffing) anticipated in the Washington Department of Natural Resources Pacific Cascade Region.

Thank you for your time. I look forward to meeting with you to discuss these issues.

Sincerely,

Jacob Brundage

Story Time;

I have been visiting an elderly man for over a year now. He has no phone or transportation except for a bike. In December his bike was vandalized so he was left without anything.

I placed a plea on Facebook for a bike, and Bethany Smith donated hers. Also, Missy, John Bageant's wife, volunteered John to repurpose the old bike.

The other day I looked out my window and my elderly friend was walking up to the office. When I asked him why he was walking, he told me that his bike had been stolen off his porch the night before.

As he was without transportation, I took him to the store to help him pick up some groceries and while we were there, John contacted me and said the bike was refurbished and ready to be picked up!

Pictures of the reunion.
